DEFINITIONS

TEEN DATING VIOLENCE

In these guidelines, “teen dating violence” is defined as the intentional use of physical, sexual, verbal, or emotional abuse by a person to harm, threaten, intimidate, or control another person in a dating relationship, as defined by Section 71.0021, Texas Family Code.

Teen dating violence is a pattern of coercive behavior that one partner exerts over the other for the purpose of establishing and maintaining power and control.

SEXUAL HARASSMENT

In these guidelines “harassment” is defined as conduct that threatens to cause harm or bodily injury to another student, is sexually intimidating, causes physical damage to the property of another student, subjects another student to physical confinement or restraint or maliciously and substantially harms another student’s physical or emotional health or safety.

In these guidelines, “sexual harassment” is defined as conduct that is severe, pervasive, and objectively offensive in such a manner that it can be said to deprive the victim student of access to the educational opportunities or benefits provided by the school. It is a form of harassment that includes touching someone in ways that are not wanted, sexual jokes, pressuring someone to have sex, threats or intimidation from a dating partner, or any other form of harassment of a sexual nature that would make a reasonable person uncomfortable. Sexual harassment does not include simple acts of teasing and name-calling among school children, however, even when the comments target differences in gender.

a. By An Employee: Sexual harassment of a student by a school district employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually-motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

- A school district employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- The conduct is severe, persistent, or pervasive such that it affects the student’s ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student’s educational opportunities, or creates an intimidating, threatening, hostile, or abusive educational environment.
b. **By Others:** Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances, requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is severe, persistent, or pervasive such that it:

- Affects a student’s ability to participate in or benefit from an educational program or activity, or create an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Necessary or permissible physical contact, such as assisting a child by taking the child’s hand, comforting a child with a hug, or other physical contact not reasonably construed as sexual in nature is not sexual harassment.

Violence or abusive behavior of a sexual nature in a dating relationship may also be considered sexual harassment when the behaviors occur at school and meet the definition of sexual harassment.

**SEXUAL VIOLENCE**

In these guidelines, ‘sexual violence” is defined as sexual assault, sexual abuse, or sexual stalking of a minor child or teenager, including sexual violence committed by perpetrators who are strangers to the victim and by perpetrators who are known or related by blood or marriage to the victim.

This definition includes behavior including but not limited to incest, molestation, child abuse, stranger rape, and non-stranger rape.

**BULLYING**

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:

1. Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
2. Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
3. Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student’s educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

**ALLEGED PERPETRATOR**

In these guidelines, an “alleged perpetrator” is an individual who has been accused of exhibiting harassing or violent behaviors towards another individual or an individual who has been suspected of such behaviors.

A perpetrator is a person who uses coercive tactics to establish and maintain power and control over a dating partner.

Perpetrators may come from any cultural, educational, religious and economic stratum of society. A perpetrator’s background is never grounds to justify the abuse.
VICTIM

A victim is the target of the alleged perpetrator’s coercive and/or violent acts.

VICTIM SAFETY

SAFETY PLANNING

A safety plan is a tool for helping to increase students’ safety.

Schools must inform the victim’s parent/guardian that a safety plan has been developed, as well as the details of the safety plan, unless this action would endanger the victim.

School personnel will develop a safety plan in collaboration with the victim and include the following elements:

a. The schedule(s) of staff person(s) that have been identified as a support system for the victim,
b. Routes to and from school.
c. Routes to and from classes.
d. Names and contact information of peers who can help support the victim and accompany him or her to and from classes as needed.
e. A discussion of potential school-related problems/areas of concern and strategies for increasing safety: after-school activities, class trips, dances, etc.
f. A plan of action for the victim to follow if he/she encounters the alleged perpetrator outside of school: in a public place, on public transportation, at the victim’s home, at the home of a friend, etc.
g. A list of general safety tips to aid the victim outside of school: lock doors, screen phone calls, never walk alone, etc.
h. A list of local resources: shelters, hotlines, agencies, advocates, and other services.
i. Follow-up meeting dates to review the situation and to make any necessary adjustments,
j. Referral to the National Teen Dating Abuse Hotline: 1-866-331-9474 and the Helpline’s online home: www.loveisrespect.org, for peer support, information, and referral for youth concerning violence or abuse in dating relationships, and an opportunity to talk with or chat online anonymously with trained peer advocates.
k. Referral to the National Sexual Assault Hotline: 1-800-656-HOPE and the Hotline’s online home: www.rainn.org, and
l. Referral to the Dating Violence Legal Line: 1-800-374-HOPE for assistance accessing legal tools such as a protective order (stay-away order).

ENFORCEMENT OF PROTECTIVE ORDERS

When a protective order has been issued by a court to protect one student from another, schools will take the following steps.
a. Hold separate meetings with the victim and the alleged perpetrator to:
   - Review the protective order and ramifications.
   - Clarify expectations.
   - Review the school day, classes, lunch (open/closed campus situation), and activities, paying attention to potential conflicts and opportunities for face-to-face contact between the victim and the alleged perpetrator.

b. Whenever possible, face-to-face contact between the victim and alleged perpetrator should be avoided. If changes need to be made, attention will be given to the victim’s preference. The burden for any bus, classroom or other schedule changes should be on the alleged perpetrator, not the victim.

c. In the meeting with the victim, the school should:
   - Help the victim identify adults within the school setting with whom he/she feels comfortable.
   - Develop a safety plan.

d. The victim should be provided with the right to have a support person present during all stages of the investigation.

e. In the meeting with the alleged perpetrator, the school should develop a checklist or plan that includes the following key points:
   - Identification of key staff members to check in with daily/weekly or as needed
   - Any needed class/schedule changes, lunch, locker changes.
   - Changes in arrival/departure times to/from school.
   - Changes in arrival/departure times to/from classes.
   - Clear review of expectations and consequences for any violations.
   - Follow-up meeting dates to review how things are working and to make any necessary adjustments.

SCHOOL-BASED ALTERNATIVES TO PROTECTIVE ORDERS

The most common school-based alternative to a protective order is called a Stay-Away Agreement.

A Stay-Away Agreement should be administered in a conference with the alleged perpetrator and his or her parent/guardian.

If the parent/guardian is unavailable or unwilling to attend the conference, the school may note this on the agreement.

A sample School-Based Stay-Away Agreement is included in the Appendix.
TRAINING AND PREVENTION

TRAINING FOR TEACHERS AND ADMINISTRATORS

Schools must provide awareness training and education for the school community that includes the following elements:

- Defining the issues of teen dating violence and sexual violence.
- Recognizing warning signs, identifying issues of confidentiality and safety.
- The laws pertaining to interpersonal violence.
- Appropriate school-based interventions.

These trainings will be organized to reach all members of the school community, including students, educators, parents/guardians, administrators, custodial and food service staff.

These trainings will be facilitated by a school staff person and a representative from a community agency that serves victims of domestic or sexual violence, such as a victim advocate.

Schools will provide training to educators on methods of teaching the dynamics of power and control in dating relationships, as well as strategies for effectively teaching teen dating violence prevention curriculum from agencies in their local community who serve victims of domestic and sexual violence. Educators will also receive information on the barriers teenagers face in ending abusive relationships, and information on resources from which teenagers can seek help and services for themselves and for others.

Schools will provide annual workshops for school administrators, teachers, health educators, school nurses, and other staff, at which school incidents, will be addressed, as well as training on how to intervene in an appropriate and consistent way. In order to respect the privacy of students, hypothetical facts or actual scenarios absent of identifying information should be used.

COUNSELING FOR AFFECTED STUDENTS

Schools should ensure that the victim and alleged perpetrator have access to support services when needed.

Schools may refer the victim and alleged perpetrator to a school counselor as appropriate.

- Counselors may provide interventions themselves or contract when possible with advocates from local domestic violence or rape crisis centers to provide school-based services such as school-based support groups.
- An administrator or counselor may give his/her business card to the student to carry and write on the back: Please allow NAME to see me when requested.
Campuses will access resources in the community that are available for teaching and supporting positive student behaviors and responding to the needs of students who have been hurt by violence or abuse or who have begun to use hurtful behaviors toward others.

- An alleged perpetrator may be referred to batterer’s counseling or another program with a focus on controlling behaviors.
- Anger management programs are not recommended for alleged perpetrators because such programs do not typically address these behaviors.

Schools will make reasonable accommodations for victims of teen dating violence and sexual violence, i.e. excusing a student from school when the absence is due to teen dating violence or sexual violence.

**AWARENESS EDUCATION FOR STUDENTS**

Schools will teach on-going curriculum or educational presentations to students on teen dating violence, sexual violence, and acquaintance rape prevention. The curriculum may include:

- Defining abuse in teen dating relationships, including rape, and methods to recognize abuse.
- Identifying societal expectations of males and females that contribute to violence and abuse.
- Examining the role of the media in supporting sex role stereotypes and how these stereotypes, if believed, are a set-up for abuse and violence.
- Exploring how teens can help themselves or a friend, including where to find legal, medical, and mental health services and
- Defining healthy and respectful behavior and relationships.

In addition to curriculum sessions, schools should provide peer training programs, special seminars, video or theater presentations combined with discussion groups, or workshops.

School districts should also incorporate dating and sexual violence education that is age-appropriate into annual health curriculum for students in grades 7-12.

The school district will also distribute student code of conduct that complies with the model handbook disseminated by the Texas Association of School Boards.

**AWARENESS EDUCATION FOR PARENTS/GUARDIANS**

Schools will sponsor parent/guardian workshops to educate parents/guardians on the issues of teen dating violence and sexual violence.
The workshops may cover topics such as recognizing the warning signs of dating violence in teens and pre-teens, what parents/guardians can do to help their teens learn how to have safe and healthy relationships, and the realities and dynamics of sexual violence.

Schools may also develop other strategies, like cable access shows and written materials that are sent home with students, in order to reach parents/guardians who do not regularly attend school events.

Schools should provide parents/guardians and the community at large with information on where they can go for help if their child is a victim, and what they can do to address the issues of teen dating violence and sexual violence.

Each school district will inform students’ parents/guardians of the district’s dating violence policy. A sample letter, Notice of Parent and Student Rights, is included in the Appendix.

**MODELING RESPECTFUL BEHAVIOR**

Schools must emphasize the role of school personnel in prevention of teen dating violence through leading by example.

All school personnel will model respectful behavior and promote gender equality and mutual respect among all members of the school community.

School personnel must respond to bullying, sexual harassment, dating violence and sexual violence immediately and in a manner consistent with the district’s policy.

**DISTRICT-WIDE CODE OF CONDUCT**

In working to prevent teen dating violence and sexual violence, schools must communicate their behavioral expectations to students and staff. School districts will adopt a district-wide code of conduct that complies with the model handbook disseminated by the Texas Association of School Boards. The code of conduct may include the following provisions:

- No person shall engage in any verbal, sexual or physical conduct that would tend to cause disruption of the educational setting or school activity; or would harass, threaten, attack, injure, or intimidate any other person.
- All persons on district property or attending any district activity shall be treated with respect.
- All students are encouraged to seek help from school personnel if they are hurt, threatened, or otherwise harassed by another student or staff member.
- Students who witness or are aware of incidents or threats are encouraged to prevent harm by speaking up on behalf of the victim when it is safe to do so or by getting help from school personnel.
COMMUNITY COORDINATION

In creating a safe school climate, schools will develop an advisory team of local experts from community organizations to assist in the school’s efforts and to familiarize the schools with the roles, responsibilities and constraints of their agencies. The Community Coordination Chart, a list of agencies and systems that might be included and what they might be able to contribute, is included in the Appendix.

Additionally, each school will maintain a dating violence and sexual violence response team. Members of the response team must serve willingly and exhibit sensitivity to the issue. The team will be made up of school personnel who have received specialized training that will prepare them to:

- Conduct investigations and assessments.
- Assist victims with safety planning.
- Make appropriate referrals.
- Decide and implement appropriate disciplinary action.
- Monitor compliance of disciplinary action.
- Evaluate the district’s dating violence policy and make recommendations for changes.

INTERVENTION IN SCHOOLS

DOCUMENTATION OF INCIDENTS

Schools will develop a system for documenting each complaint of teen dating violence and sexual violence. A sample Student Complaint Form is included in the Appendix.

PROTOCOL FOR CAMPUS INTERVENTION: STAFF MEMBERS

Schools will provide staff members with protocol for responding to an incident of bullying, sexual harassment, dating violence, or sexual violence between students occurring anywhere on campus. The protocol should include the following actions:

- Fulfill the state’s mandatory reporting laws regarding the suspected abuse or neglect of a child. See Section 261.101(a), Texas Family Code.
- Separate the victim from the alleged perpetrator.
- Speak with the victim and alleged perpetrator separately.
- Speak with any bystanders who may have been present or involved. Encourage them to speak up directly on behalf of the victim if they should witness further incidents, or to get help from school personnel.
- Administer logical and reasonable consequences to the alleged perpetrator when appropriate, including but not limited to making a discipline referral.
• Inform the victim of his or her right to file a complaint of bullying, sexual harassment, dating violence, or sexual violence with any counselor or administrator.
• Monitor the victim’s safety. Increase supervision of the alleged perpetrator as needed.

PROTOCOL FOR CAMPUS INTERVENTION: ADMINISTRATORS AND COUNSELORS

Administrators’ duties include informing students, parents/guardians, and school personnel of a student’s right to make a complaint for incidents of bullying, sexual harassment, dating violence, or sexual violence.

Schools will make complaint forms available to all students at any time through any counselor or administrator.

Counselors and administrators will offer students assistance in filling out the form.

Schools will file completed complaint forms in a secure location in the campus administrative office. These files will be available in the Office of General Counsel upon request.

Schools will adopt a set of actions for when a school counselor or administrator learns of an incident of bullying, sexual harassment, dating violence, or sexual violence, or receives a complaint from a student or staff member. Actions will include the following:

• Fulfill the state’s mandatory reporting laws regarding the suspected abuse or neglect of a child. See Section 261.101(a), Texas Family Code.
• Separate the victim from the alleged perpetrator.
• Meet separately with the victim. Review the student’s complaint form or assist the student in documenting the incident on a complaint form during the meeting.
• Further investigate the complaint by speaking with the alleged perpetrator and any bystanders separately.
• If the assessment by the counselor or administrator determines that the incident involved physical or sexual assault or threats, the counselor or administrator should notify the School Resource Officer immediately.
• Contact the parents/guardians of the victim and the alleged perpetrator to inform them that an incident of bullying, sexual harassment, dating violence, or sexual violence has occurred. Ask the parents/guardians to attend a meeting with the administrator and their child to discuss the incident. *Schools should be consistent about what to do if parents/guardians are not available or responsive.*
• Working with the Victim: In working with the victim, schools will make every reasonable effort to protect the due process rights of the alleged perpetrator. Administrators will adopt the following methods of intervention with the victim:
  a. Conference with the victim and parent/guardian.
b. Identify immediate actions that can be taken to increase the victim’s safety and ability to participate in school without fear or intimidation, including positive behavior support interventions.

c. Inform the student and parent/guardian of school and community resources as needed, including their right to file charges or seek legal protection.

g. Monitor the victim’s safety as needed. Assist the victim with safety planning for the school day and for after-school hours.

h. Document the meeting and any action plans on a complaint form.

i. Store all complaint forms in a separate, confidential file and document subsequent follow-up actions and complaints on a complaint form.

j. Administrators may provide the victim with the right to have a support person present during all stages of the investigation.

a. Conference with the alleged perpetrator and parent/guardian.

b. Allow the alleged perpetrator an opportunity to respond in writing to the allegations.

c. Emphasize expectations for positive behavior.

d. Identify and implement disciplinary and other actions and consequences that will be taken to prevent further incidents.

SPRINGTOWN INDEPENDENT SCHOOL DISTRICT

NOTICE OF PARENT AND STUDENT RIGHTS:

BULLYING, SEXUAL HARASSMENT,

DATING VIOLENCE AND SEXUAL VIOLENCE

The Springtown Independent School District (SISD) is committed to providing a positive learning environment for all students that enhances personal safety and promotes respect, dignity, and equality among students. High standards are expected for both academic achievement and for behavior.

SISD strives to ensure that all of its students and employees are free from bullying, sexual harassment, dating violence, and sexual violence. All charges of bullying, sexual harassment, dating violence, and sexual violence are to be taken very seriously by students, faculty, staff, administration, and parents/guardians. SISD will make every effort to handle and respond to every charge and complaint filed by students and employees in a fair, thorough, and just manner. Every effort will be made to protect the due process rights of all victims and all alleged perpetrators.

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:

1. Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
2. Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and

3. Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student’s educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

Harassment is defined as conduct that threatens to cause harm to bodily injury to another student, is sexually intimidating, causes physical damage to the property of another student, subjects another student to physical confinement or restraint or maliciously and substantially harms another student’s physical or emotional health or safety.

Sexual harassment is conduct that is severe, pervasive, and objectively offensive in such a manner that it can be said to deprive the victim of access to the educational opportunities or benefits provided by the school. It is a form of harassment that includes touching someone in ways that are not wanted, sexual jokes, pressuring someone to have sex, threats or intimidation from a dating partner, or any other form of harassment of a sexual nature that would make a reasonable person uncomfortable.

Dating violence is defined as the intentional use of physical, sexual, verbal or emotional abuse by a person to harm, threaten, intimidate, or control another person in a dating relationship. Dating violence is a pattern of coercive behavior that one part exerts over the other for the purpose of establishing and maintaining power and control.

Sexual violence is defined as sexual assault, sexual abuse, or sexual stalking of a minor child or teenager, including sexual violence committed by perpetrators who are strangers to the victim and by perpetrators who are known or related by blood or marriage to the victim. This definition includes behavior including but not limited to incest, molestation, child abuse, stranger rape, and non-stranger rape.

Students who believe they have been harassed, bullied, or otherwise victimized by fellow students, or SISD employees are encouraged to promptly report such incidents to the campus principal or other campus professional. To the greatest extent possible, complaints shall be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation.

A student or parent/guardian who has a complaint alleging bullying, harassment, dating violence, or sexual violence may request a conference with the principal or the principal’s designee. If the
student or parent/guardian is not satisfied with the response from the campus staff, they may request a conference with the Superintendent or designee, or Title IX Coordinator.

Complaints will be documented and investigated in accordance with SISD policy and guidelines. Any staff member who observes an incident that involves physical or sexual assault or threats will report the incident immediately to the principal. Any staff member who learns of an incident or threat may submit a Complaint Form on behalf of the victim.

**Campus Complaint Procedure:**

- Students and staff members will complete a Complaint Form available in the school’s main office.
- The Complaint Form will be submitted to the principal or designee immediately.
- The principal or designee will investigate complaints by meeting separately with each student involved in the situation.
- The principal will conference with the victim and parent/guardian to discuss safety and community resources.
- The principal will conference with the alleged perpetrator and parent/guardian to discuss appropriate behaviors and consequences. With the prior consent of the victim, the principal may issue a School-Based Stay-Away Agreement to the alleged perpetrator during the parent/guardian conference.
- Documentation of all Complaint Forms, follow-up actions and Stay-Away Agreements will be available to the General Counsel at all times.

BULLYING DOCUMENTATION

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:

4. Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
5. Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
6. Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student's educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a report is made orally, the campus principal or designee shall reduce the report to written form. The campus principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, and if so proceed under that policy instead.

SISD Board Policy FFH (Legal) provides that, absent extenuating circumstances, an investigation into allegations regarding bullying shall be completed within ten District business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation. The investigator shall prepare a written report of the investigation. The report shall be filed with the District official overseeing the investigation (see page 2).
Education Code 25.034 provides that, on the request of a parent or other person with authority to act on behalf of a student who is a victim of bullying, the Board or its designee shall transfer the victim to:

1. Another classroom at the campus to which the victim was assigned at the time the bullying occurred; or

2. A campus in the District other than the campus to which the victim was assigned at the time the bullying occurred. On the request of a parent or other person with authority to act on behalf of a student who is a victim of bullying, the Board or its designee shall provide the victim an opportunity to transfer to Poolville ISD.

BULLYING CHECKLIST
FOR SCHOOLS

PLEASE READ BEFORE USING CHECKLIST

To determine whether an act is bullying or cyberbullying by law, proceed down the checklist and provide a checkmark for each true statement. If any identified section does not receive at least one checkmark, then the act is not considered bullying by state law.

SB 179, “David’s Law” expanded authority to school districts, allowing public and charter schools to address cyberbullying off-campus and outside of school-related or school-sponsored activities based on specific criteria. In order to address this legislative change, this checklist may help parents, educators, and administrators determine if a student at their school has been bullied according to the legislative definition. Please follow the conditional ‘yes/no’ logic for the questions regarding the use of electronic communication devices in possible bullying scenarios.

Did the act occur outside of a school-sponsored or school-related activity?
(This is an important distinction, as David’s Law expands a school district’s authority to include cyberbullying incidents that occur off campus and outside of school-sponsored or school-related activity, as long as it meets one of the below criteria.)

Was the act committed by using any type of electronic communication device?
(i.e. Cellular or other phone, computer, camera, e-mail, text or instant messaging, social media app, Internet website, Internet communication tool)

Did the act interfere with a student’s educational opportunities or substantially disrupt the orderly operation of a classroom, school, or school-sponsored/related activity?

Yes
No

According to law, if the act DID NOT meet the criteria above, it is not under the school district’s authority.

IS IT BULLYING?

Was it a single significant act?

Was it a pattern of acts?

By one or more students directed at another student that exploits an imbalance of power?

Through physical contact
Using verbal expression
Using written expression
Using electronic means

Physically harms a student or damages their property
Creates reasonable fear of harm to student or damage to their property
Is sufficiently severe, persistent, or pervasive enough that the action or threat creates:
- Intimidating educational environment
- Threatening educational environment
- Abusive educational environment
- Materially and substantially disrupts the educational process or operation of school
- Infringes on rights of victim at school

Yes, it’s bullying
(Cyberbullying is bullying)
