Old Business

The members read and discussed the SHAC annual report from 2016-2017. They reviewed the goals set last year and gave examples of how each goal was being met on the various campuses. It was also discussed how to measure each goal to make sure they are being implemented in the district.

New Business

Mr. Strickland let the committee know the policy developed last year met the regulations and does not need to be updated. The committee will need to set goals for the 2017-2018 school year. Some suggestions were:

- Create a survey to measure the awareness of the policy on each campus
- Create a survey to measure the implementation of the policy
- Create a link on the SISD website to let students and parents know physical education opportunities
- Create a link on the SISD website to let the community know what facilities are available on the SISD campuses that the public could access for physical fitness activities
- SMS to Participate in the 2018 Texas Youth Tobacco Survey

At the next meeting the committee will discuss and vote on goals for 2017-2018.

The last piece of business was to vote on officers. Vicky Trichel nominated Laura Hughes for Chairman, seconded by Shelby Willis. The motion passed unanimously. Jennifer Siegel nominated Shelby Willis for co-chairman and the motion was seconded by Kim Nash. The motion passed unanimously.

Laura Hughes adjourned the meeting at 2:40.
