September 24, 2022

Dear Parents/Guardians of SIS 5th graders:

This past week marked the final week of the first six weeks grading period. It has been a pleasure getting acquainted with your children during these first several weeks of school. School years typically fly by quickly and this year is proving to be no different. It is already time to distribute the first official report cards of the new school year. Report cards will be given to students this coming Friday, September 30.

I'm writing to let you know that we have made some slight changes to the fifth-grade schedule. Any changes to your student's schedule will be minimal and only affect the time of day your student goes to a particular class and/or lunch. There will be no changes to your student's current teachers. "WHEN" your child has a class might change, but "WHO" is teaching your child that class will not change.

As you know, 5th grade students are on one of four teams. Each team shares four core subject teachers. Team members have been attending PE/Health class as a team, but will now attend their PE/Health class with students from other teams. This will allow our core subject teachers time to plan together every day during the school day. It will also allow students the opportunity to become acquainted with more of their 5th grade classmates.

Again, your child will continue to have their same teachers. All students will receive a copy of their revised schedules this Monday morning during their first-period class.

Thank you for your time. If you have any questions about this information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Joe Brown". The signature is written in a cursive style with a long horizontal flourish at the end.

Joe Brown, Principal
